Fresno Madera Continuum of Care
2020 Point in Time Unsheltered Visual Count

The point in time (PIT)count committee makes every effort to include all geographic areas in our CoC. If it is determined that there will not be enough volunteers to reach every community, then the PIT committee will have teams go into at least one community based upon the population density as set by the US Census Bureau. The charts below displays the communities in our CoC where the visual count was completed, the density (if applicable), and number of homeless people counted. Please note that this differs from the actual report to HUD because an extrapolation accounts for the other communities where volunteers were not able to count.

MADERA COUNTY UNSHELTERED VISUAL COUNT		
CITY	Density	# of homeless counted
Madera	n/a	250 people
Chowchilla	n/a	34 people
Oakhurst	n/a	11 people

FRESNO COUNTY UNSHELTERED VISUAL COUNT		
CITY	Density	# of homeless counted
Fresno	n/a	1674 people
Clovis	High	10 people
Caruthers	n/a	4 people
Parlier	Medium	11 people
Mendota	Medium	20 people
Huron	Low	40 people
Reedley	High	3 people
Riverdale	n/a	5 people
Selma	High	215 people
