HMIS

Generally, how many of your jurisdiction's HHAP-2 projects are entered into HMIS?

All projects are entered into HMIS

FEMA Reimbursement

Is your jurisdiction planning to seek FEMA reimbursement for activities paid for with HHAP-2 funds?

No

If no, not sure, or N/A, please explain why.

The services supported by HHAP-2 funds are not directly related to the jurisdiction's COVID-19 homelessness response. While funded activities may serve COVID affected clients, it is unlikely that this will represent a significant portion of the total clients served as other funding is leveraged to assist this population. Moreover, tracking FEMA reimbursement costs within HHAP-2 activities would create a substantial administrative burden.
